JINHUI HOLDINGS COMPANY LIMITED

金輝集團有限公司

(Incorporated in Hong Kong with limited liability)

Stock Code : 137

DISCLOSEABLE TRANSACTION DISPOSAL OF A VESSEL

The Vendor, an approximately 55.69% indirectly owned subsidiary of the Company, entered into the Agreement with the Purchaser on 13 December 2019 to dispose of the Vessel. The consideration of the Vessel is US\$5,460,000 (approximately HK\$42,588,000). The Vessel will be delivered by the Vendor to the Purchaser or its nominee between 16 December 2019 and 31 January 2020.

Under the Listing Rules, the Disposal constitutes a discloseable transaction for the Company.

THE DISPOSAL

The Vendor entered into the Agreement with the Purchaser on 13 December 2019 for the disposal of the Vessel at a consideration of US\$5,460,000 (approximately HK\$42,588,000). The Vessel will be delivered by the Vendor to the Purchaser or its nominee between 16 December 2019 and 31 January 2020.

Information on the Group and the Vendor

The principal activity of the Company is investment holding and the principal activities of its subsidiaries are international ship chartering and ship owning.

The Vendor is a ship owning company and a wholly-owned subsidiary of Jinhui Shipping, which is in turn an approximately 55.69% owned subsidiary of the Company as at date of this announcement.

Purchaser

The Purchaser is a company incorporated in the Republic of Marshall Islands and its principal activities are ship owning and ship chartering. The Purchaser and the Guarantor are companies wholly-owned by a common ultimate beneficial owner – Mr. Zhao Weihui.

To the best of the Board's knowledge, information and belief having made all reasonable enquiry, the Purchaser and its ultimate beneficial owner are third parties independent of the Company and its connected persons (as defined under the Listing Rules).

Consideration

Under the Agreement, the Vendor agrees to dispose of the Vessel for a consideration of US\$5,460,000 (approximately HK\$42,588,000) payable by the Purchaser as follows:

- (1) an initial deposit of US\$1,460,000 (approximately HK\$11,388,000) will be payable by the Purchaser within one banking day after the date of signing the Agreement; and
- (2) the balance of US\$4,000,000 (approximately HK\$31,200,000) will be payable by the Purchaser on the Balance Payment Date, subject to accrued interest thereon. To secure the Purchaser's performance and observance of and compliance with all of the covenants, terms and conditions under the Agreement, including the due payments of the outstanding amount and any other sums owes by the Purchaser, the Purchaser shall create a first priority ship mortgage of the Vessel in favour of the Vendor and enter into certain security documents in the form and substance satisfactory to the Vendor.

The consideration of the Vessel of US\$5,460,000 (approximately HK\$42,588,000) was determined by reference to market intelligence the Company has gathered from shipbrokers and its own analysis of recently concluded sale and purchase transactions of vessels of comparable size and year of built in the market, and on the basis of arm's length negotiations with the Purchaser. The Purchaser shall pay accrued interest on the balance of US\$4,000,000 (approximately HK\$31,200,000) for the period up to the Balance Payment Date. The interest accrued for the period of approximately US\$1.2 million (approximately HK\$9.7 million) was concluded base on arm's length negotiations and was on normal commercial terms.

We observe and monitor the sale and purchase market of second hand vessels, including recent market transactions of similar vessels between willing sellers and willing buyers in that prevailing time presuming the vessel free from all registered encumbrances, maritime liens and all debts, free of charter or any contract of employment, for cash payment on normal sale terms at that particular of time. However, as each vessel is never identical, buyers will take into account, the individual specification, maintenance quality and conditions of each individual vessel to come up with an offer. Management has based on the experience, market knowledge to consider the acceptance of the bidders' offers.

Vessel

The Vessel is a Supramax of deadweight 50,230 metric tons, built in year 2001 and registered in Hong Kong. The Vendor is a special purpose company for holding solely the Vessel.

Possible financial effects of the Disposal

The Vessel has been owned by the Group since May 2019. Based on the unaudited net book value of the Vessel of approximately HK\$42,270,000 as at 31 October 2019, the Group would realize a book gain of approximately HK\$294,000 on disposal of the Vessel. The book gain for the Vessel was calculated after estimated legal fees of approximately HK\$24,000. However, the actual book gain which the Group would realize upon completion of the Disposal will depend on the actual net book value of the Vessel as at date of delivery in accordance with the Group's impairment and depreciation policy for its vessels as shown in the Company's annual report and the actual costs of disposal being incurred of the Vessel as at date of delivery.

Use of proceeds

The Group intends to keep all net sale proceeds received as general working capital of the Group.

Guarantee

Pursuant to the Agreement, a guarantee will be executed on or before the delivery of the Vessel by the Guarantor in favour of the Vendor pursuant to which the Guarantor will agree to guarantee the Vendor, inter alia, the punctual performance of all the obligations by the Purchaser under the Agreement and the other security documents. The Guarantor will also undertake whenever the Purchaser does not pay any amount due under the Agreement, the Guarantor shall immediately on demand pay that amount and indemnifies the Vendor any cost, loss or liability suffered by the Vendor.

To the best of the Board's knowledge, information and belief having made all reasonable enquiry, the Guarantor and its ultimate beneficial owner are third parties independent of the Company and its connected persons (as defined under the Listing Rules).

REASONS FOR THE DISPOSAL

The Directors continuously review the prevailing market conditions of the shipping industry and monitor and adjust the Group's fleet profile as appropriate. The Directors believe that the Disposal will enable the Group to enhance its working capital position and further strengthen its liquidity, and optimize the fleet profile through this ongoing management of asset portfolio.

Despite the recent improvement in shipping market, we continue to see uncertainty and market volatility remaining as an operational risk to the Group. In order to further reduce operational risk and liquidity risk, we believe it is prudent for the Group to readjust the fleet size according to the age profile and it is also important to remain financially nimble in today's ever-changing market environment. The Disposal would result in a book gain and generate positive cash inflow to boost its working capital and liquidity. We will continuously monitor the market as well as our operations going forward and look out for opportunities to maintain a reasonably modern and competitive fleet, not ruling out any future disposal or acquisition of vessels and will make such decisions on an ad hoc basis to maintain a high financial flexibility and operational competitiveness.

Before the completion of the Disposal, the Group currently owns two modern Post-Panamaxes and seventeen modern grabs fitted Supramaxes including the Vessel. Total carrying capacity will be reduced by 50,230 metric tons to 1,086,074 metric tons after the Disposal, and the Directors believe that the Disposal will not have any material adverse effect on the operations of the Group.

The terms and conditions of the Agreement have been agreed on normal commercial terms following arm's length negotiations with reference to the prevailing market values. The Directors consider that the Disposal represents an opportunity for the Group to readjust its fleet profile and reduce our operational risk exposures in current high-risk volatile markets and the Disposal will improve the liquidity position of the Group. The Directors consider that the terms and conditions of the Agreement was concluded between a willing seller and willing buyer and concluded base on arm's length negotiations, the Directors consider such terms and conditions are fair and reasonable and believe that the Disposal is in the interests of the Company and its shareholders as a whole.

LISTING RULES IMPLICATION

As one or more applicable percentage ratios (as defined in the Listing Rules) for the disposal of the Vessel exceed 5% but are less than 25%, the Disposal constitutes a discloseable transaction for the Company under Chapter 14 of the Listing Rules and is subject to the notification to Stock Exchange and publication of announcement requirements under the Listing Rules.
